

MEMBRANE WATER TREATMENT SYSTEMS

June 10, 2010

To Whom It May Concern:

This letter is intended to extend our confidence to others in regard to the general performance of Bayshore Painting Contractors.

We have retained their services for over 17 years for our own business building needs inside and outside at several different locations and very large buildings with problem areas. Frank has always been extremely responsive with a personal visit and a bid for the work and very competitive he has always been able to quickly assemble a crew and arrive on schedule. Bayshore has proven to be a highly qualified and reliable contractor.

Bayshore Painting takes a lot of pride in their workmanship, and that is why I highly recommend them as a Painting Contractor.

Sincerely,

A handwritten signature in black ink that reads "Kristine Myers". The signature is written in a cursive, flowing style.

Kristine Myers  
Corporate Secretary-Office Manager
