Bayshore Painting Company
664 Dolphin Road
Venice, Florida 34293

To whom it may concern,

Bayshore Painting Company will always receive a great recommendation from me.

Over fifteen years ago, Bayshore Painting Company painted my commercial building, the Pattison Building, at the corner of Miami Ave and Nassau St. in the historic section of downtown Venice. Bayshore Painting did such an excellent job that lasted 15 years that when it was time to re-paint I wouldn't have considered any other company.

Bayshore Painting's estimate on the work was perfect and the procedure used to complete the job was very professional. I was so impressed with the work performed on the Pattison Building that I had them paint my personal residence as well.

I can highly recommend Bayshore Painting for any job you might have large or small.

Sincerely,

Mary Jo Pattison
